

Crafted for hospitality environments, the 50mm grommet provides a streamlined way to manage cables and maintain tidy surfaces. Its compact footprint and clean aesthetic make it ideal for nightstands, desks, and workstations where minimalism and function go hand in hand.

## Features & Benefits

- Low-profile design promotes organized cable routing
- Rubber insert flexes to accommodate a range of cord sizes
- Blends into modern furnishings without visual clutter
- Sturdy metal plate ensures long-term durability
- Offered in a 50mm diameter with custom sizing available
